

# Harrow Research and Development Centre

April 4, 2024

12:00 – 4:00 p.m. EST

Have you been wondering what has been going on (or growing on!) at Agriculture and Agri-Food Canada’s Harrow Research and Development Centre? Here’s your chance to find out.

- Attend this **Open House** to hear from the Harrow researchers about their projects and get a tour of the research station for a sneak peak into the greenhouse research trials and labs.
- Topics will include supplemental lighting, plant physiology, engineering, energy, entomology, insects, plant pathology and microbes.

**Dr. Xiuming Hao**  
Research Scientist  
(Plant Physiology & Lighting)  
(AAFC)

**Quade Digweed**  
Engineer  
(Energy)  
(AAFC)

**Dr. Roselyne Labbé**  
Research Scientist  
(Entomology)  
(AAFC)

**Dr. Geneviève Marchand**  
Research Scientist
